Parent Company: Industria Italiana Arteferro S.p.A. - www.arteferro.com

We are an Italian company and world-wide leader in the production and distribution of manufactured and forged products made of wrought iron. Considered the result of a genuine art form, our products are made by specialized professionals who design each creation with passion and dedication. Our wrought iron is distributed in 136 countries, through an ever expanding world-wide distribution network.

Our company was started 40 years ago, in 1971, by Architect, Bruno Gonzato. With his instinct for art and passion for wrought iron, he was able to invest in a new market. Today, the company is currently reflected in a group of 17 branches that produces and distributes wrought iron forgings and steel finished products globally through three major brands: Ind.i.a, Il Grande Fabbro, and Arteferro Inox. This expansion did not affect the love for the tradition that has characterized this ancient art, so much so that Architect Gonzato is considered more of a great craftsman than an industrialist. The art form represented by wrought iron is fed by two unavoidable human desires: protection and beauty. To this day Gonzato conducts his business with innovation and research in design. He is helped by his wife, Stefania, who is also an Architect and Designer; his children Francesca, Matteo, Davide, Dario, and his son-in-law Andrea.

The Philosophy:

Our company unites tradition, with a constant quest for technical and aesthetic innovations. From the use of the latest technology to the choice of materials, everyone in the company contributes to the creation of cutting-edge products that are the expression of a culture that Ind.i.a. promotes and distributes worldwide. This is achieved by a tight collaboration between customers, employees, and suppliers on a one-on-one basis. Thanks to all of this, our company can provide the client with high-quality products and services, guaranteeing a unique and controlled quality standard. At the same time, we care about the effects that our company has towards the environment around us, pushing us to implement policies of environmental sustainability and a reduced environmental impact. This commitment supports the principles of protection and beauty that characterize the spirit of our products.

Indital USA – United States Manufacturer and Distributor – www.indital.com

As an extension of our parent company, Indital USA has been operating predominantly from its stocking facility in Houston, TX for 20 years, serving our distributors and their discerning customers with the highest quality selection of wrought iron and architectural building products in the industry. We take great pride in offering our 7th catalog that combines over 3,000 stocked articles between 6 product groups under one easy to reference guide for the pro or novice in wrought iron and architectural rail products. For sourcing options in your local market, please do not hesitate to email **forgings@indital.com** or call **800-772-4706** and speak with our sales team. We look forward to providing beautiful, inspirational components, while keeping a steady eye on future trends in design and maintaining a reverence for the past.

FORGINGS

Quick Reference Catalog #8

Indital USA is proud to introduce new designs that take the guess work out of "what is next" in the evolving world of home building, commercial endeavors, or DIY projects. As a manufacturer we welcome a review of your own designs. Pulling from an international portfolio of over 40,000 different component profiles, we may have what you are searching for to tackle that next project.

For immediate sourcing, Indital USA incorporates a national steel distribution network for fast, reliable sourcing of over 3,000 wrought iron parts carried in our Houston, TX master warehouse. Many of our top sellers, such as balusters, newels, scrolls, rosettes, panels, decorative bar, and miscellaneous metal art accents, can be sourced immediately within your local markets.

SNAP-ONS

Quick Reference # 8

Unbreakable Snap-Ons for 1/2" bar or tube

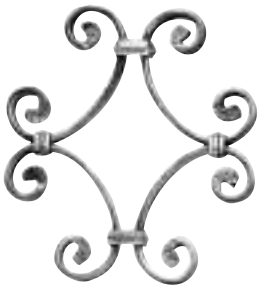

Steel snap-ons add elegance and style to even the simplest design. They will not break like cast iron. Also, the coatings or patinas are equally applied to all of the steel components.

The 64/F series (and other matching components) are one of our most popular lines. The bars are first hammered on all four edges, and then the pattern is added to both sides. Scrolls, flowers, and baskets are then added.

D 1 11/32"
Wt. 25.4 lbs.
L 19' 8" approx.

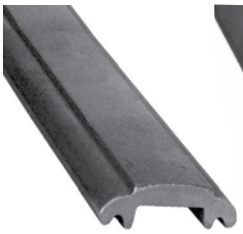

Choosing a handrail is as important as the balusters!
Our 114/1 and 114/2 give a forged look. The 114/1 is somewhat less formal in design. Any of these rails work beautifully with our balusters and scrolls.
